

CAPABILITY STATEMENT

Founded in 1995 by Terry and Wynell Wilson, Cornerstone Mechanical Services, Inc. is a Christian-owned and operated business that has earned its reputation as a highly respected partner to industrial plants and process facilities all over the Northeast Texas area, including Dallas and Fort Worth. We take pride in working closely with our clients to lower production cost and resolve reliability issues within their production constraints. We apply state-of-the-art technology and processes to supply the highest quality of service available. With a growing team of experts, Cornerstone is here to keep you *up & running*.
